

Crystal Reports Advanced Training

Description: This advanced two-day course allows participants to expand on concepts and procedures learned in the Crystal Reports Basic Class to enhance reporting from RMS. Topics will include such items as linking to additional databases, integrating with other products, compiling reports and integrating with the web. Participants should be very familiar with RMS and have completed the Crystal Reports Basic Class.

Length: Two days

When: Client determines timing

Where: Client site or at the RMS office in Raleigh

Schedule:

First Day

Time	Subject
8:30 AM - 10:15 AM	Review of Crystal Reports Basic Class
10:15 AM - 10:30 AM	<i>Break</i>
10:30 AM - Noon	Review of Crystal Reports Basic Class Continued
Noon - 1:30 PM	<i>Lunch</i>
1:30 PM - 3:15PM	Advanced Reports
3:15PM - 3:30 PM	<i>Break</i>
3:30 PM - 5:00 PM	Graphs and Maps

Second Day

Time	Subject
8:30 AM - 10:15 AM	Using Crystal Reports with Other Tools
10:15 AM - 10:30 AM	<i>Break</i>
10:30 AM - Noon	Distribution and Deployment
Noon - 1:30 PM	<i>Lunch</i>
1:30 PM - 3:15PM	Integrating with the Web
3:15PM - 3:30 PM	<i>Break</i>
3:30 PM - 5:00 PM	Review and Samples

Participants: This is recommended for any staff members whose responsibilities include report development or are just interested in maximizing the information stored in RMS. Again, participants should be very familiar with RMS and have completed the Crystal Reports Basic Class.
